

Dr. Gerard Lynch is an internationally acclaimed and highly respected historic brickwork consultant, master bricklayer, educator and author. He followed a traditional apprenticeship as a bricklayer and, over the years through his natural ability within his craft, gained many awards, including the Silver and Gold Trowels from the Brick Development Association and is a Licentiate of the City and Guilds of London Institute (LCGI). He is a former Head lecturer of Trowel Trades at Bedford College, pioneering a revival of gauged brickwork, in which he is considered the world's leading authority, and other almost forgotten traditional craft skills; and is affectionately known by the historic term, 'The Red Mason'.
